As some of you may know Sheringham is twinned with the French town of Muzillac in Brittany. This year there is a programme of events to celebrate the 10th Anniversary of the formal signing of the Twinning Charter and the many years of friendships built with the good people of Muzillac.

This is why we have added Sheringham as an option for next month. I am sure you all have pictures of Sheringham, particularly events such as the POTTY festival, the Viking boat burning, the 40's weekend and various railway events etc
